Sir

I have the honour to inform you that the Church of England Zenana Mission has been maintaining for some years a school for the education of Mohammedan Girls in Mysore. Miss Lee has been in charge of the institution for about 4 years. & the good work that she has done during that period has made the school very popular. a building is required for the school & the lady is now in England collecting subscriptions for the purpose of erecting a suitable structure for the school She requests that a site may be given her free of cost in a convenient locality for the Mohammedans residing in the Lushkar & Mundi Mohallas in Mysore. I beg to state that Miss Lee's object is deserving of support & encouragement & to request that Govt may be pleased to grant her a site free of cost

Miss Lee of the Church of England Zenana Mission is proceeding to Eng with the laudable object of collecting funds for the construction of a sch for Mohammedan girls at Mysore - Education amongst Mohammedan boys of the City of Mysore has not progressed so well as the needs of the present day demand & much less amongst the girls The efforts of Miss Lee therefore to establish a school for Mohammedan girls are praiseworthy & deserve every support & encouragement.

In India Mission Institutions are looked upon with suspicion by reason of their proselytising tendency. But no right thinking man can deny the advantages which a Zenana Mission School affords our girls nor can he distrust it simply because some elementary lessons in the Christian religion are taught in it. Even according to the most orthodox ideas there are many truths common to Christian & Islam in fact no religion is nearer to Christianity than Islam which teaches as is well known belief in the unity of God accepting at the same time Jesus Christ (Hazrath Esa) as a great Prophet of God. The success of a Mission Institution will be ensured if the religious instruction imparted in it is confined to the common truths & other moral precepts & if from the course of its religious studies the controversial & dogmatic points be eschewed which do not in the least degree effect the moral training or prevent men from doing good to humanity - We have no hesitation to add that the Almighty God the Knower of all things will duly reward the labours of those philanthropic ladies & gentlemen when they endeavour to educate their fellow-creatures on some such lines as are indicated above

Mysore the capital of the Province of the same name has a

population of more than 15,000 Mohammedans & a well managed girls' school in the city with proper arrang for gosha so rigidly observed in India is a desideratum

Miss Lee's benevolent object commands our entire sympathy & we wish her every success in her attempts
